

# Rankings 2018

The results of RWTH Aachen in selected University Rankings in 2018 (first term)

# Uni-Ranking of the economics week

---

- Approximately 500 HR managers from German companies are asked each year, which universities train their graduates best to meet the companies needs.
- In recent years, RWTH Aachen has always received top results for the following subjects:

Subject	2010	2011	2012	2013	2014	2015	2016	2018
Mechanical Engineering	1	1	1	1	2	1	1	1
Electrical Engineering	1	1	1	1	1	2	3	1
Computer Science	2	3	2	1	2	3	1	2
Industrial Engineering	1	1	1	1	2	1	1	1
Natural Sciences	1	1	1	1	1	1	3	2

# CHE University Ranking

---

- Rating of many indicators about teaching and learning, research and equipment based on a traffic light system (top-, middle- and closing group) every three years.
- Besides a publication analysis and a questioning of the departments, is a online questioning of the students accomplished. The students are very satisfied across all subjects about the main study situation and the ability to study the degree programs.
- Aachen is ranked in the top group 70 times. Plus Aachen does very well in the indicators for the facts about studies, especially when supporting the students at the beginning of the studies.
- The following subjects rated in 2018 are ranked in the top group of all indicators that are published and rated in the study guide.
  - Chemistry
  - Geosciences
  - Computer Science

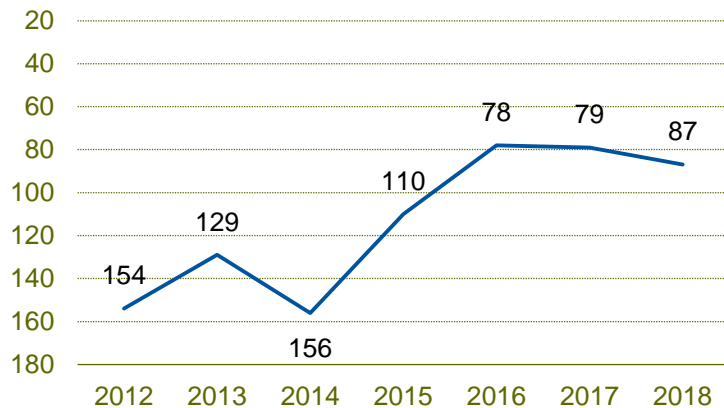

# U-Multirank

---

- The universities receive grades from 1 (very good) to 5 (weak) for over 30 indicators in the areas „Teaching & Learning”, „Research”, „Knowledge Transfer”, „International Orientation” and „Regional Engagement”.
- The data is gained out of a questioning of the universities and the students, as well as out of a bibliometric analysis.
- Two out of three in 2018 rated RWTH subjects did well above average:
  - Medicine
  - Dental Medicine

# Times Higher Education World University Rankings

- The universities are ranked based on the reputation (online questioning), the summonses and various ratios.
- With place 87 (6th place among German universities) the RWTH achieves her third best result worldwide and it's second best result throughout Germany.

The RWTH also achieved very good results in the following subjects:

Department	Place
Technology and Engineering	27th Place (Rank 2 among German universities)
Physical Sciences	72th Place (Rank 6 among German universities )
